

KITCHENPRO WASH'N WALK

No-rinse floor cleaner

ECOLAB
PROTECTING WHAT'S VITAL™

KITCHEN HEROES AT WORK

1 DID YOU KNOW THAT?

Wash'N Walk Floor Cleaner is a **rinse free formula**

which reduces water consumption by

50%

75%

of restaurant kitchen workers have experienced a work-related accident due to a slippery floor*

Slips, trips and falls are the most common cause of accidents in the hospitality sector, most affected are kitchen assistants, chefs and waiting staff. **

2 THE KITCHEN FLOOR CLEANING HERO: KITCHENPRO WASH'N WALK

BUSINESS OUTCOMES

Attacks the greasy build up on kitchen floors.

Proven to reduce the risks of slips and falls, enhancing the safety of your staff.

Improves labour efficiency by 50% due to no-rinse requirement.

Just 1 case of KitchenPro Wash'N Walk can save over 2 hours of labour-time.

Now with extended 2-year shelf life.

OPERATIONAL DRIVERS

Used with cold water so eliminates the requirement of energy costs

Due to the no-rinse formula, you save 50% of the water costs associated with floor cleaning

Halves the procedure time so frees up resource to be spent on other kitchen tasks

ENVIRONMENTAL IMPACT

Alongside saving 20% in plastic waste, just 1 case of Wash'N Walk can save:

400L of water - enough to fill 5 bathtubs.

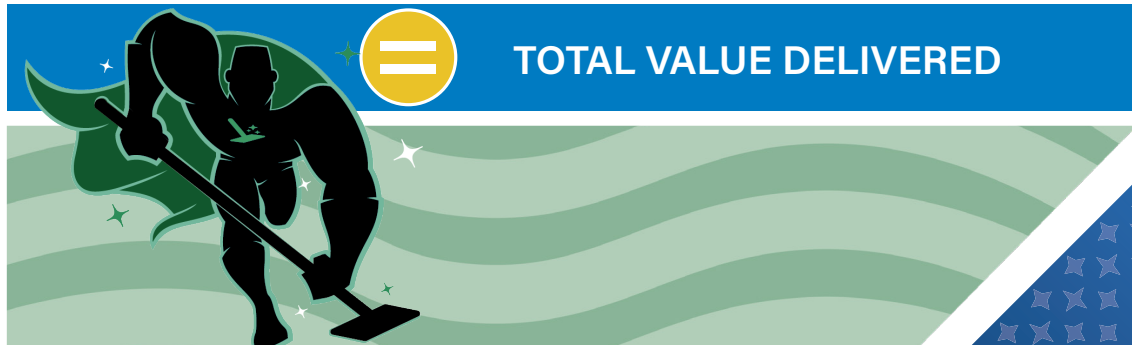

38kWh of energy - enough to power an electric car for over 249km.***

12 grams of CO2 - around the same as a tree absorbs in 1 month.
